We'll curate a playlist that is **personalised to your taste and requirements**, to keep the energy flowing and ensure **seamless entertainment from start to finish**. Additionally, after your event the playlist will be made available for you to keep; helping to **recreate those cherished moments and memories** you made on your special day.

### 🔊 Quality PA System & LED Lighting (up to approximately 175 guests)

For all small to medium sized events we are fully self-contained with an excellent PA system and vibrant LED stage lighting to elevate the atmosphere. **When you book us for your live music entertainment, you do not need to think about any extras!** Our fantastic equipment ensures a professional, polished experience that fills the room with incredible audio and ambiance. In the instance that your event is on the larger end of the scale, please see point 2 below

1. If you book our 7 or 8 piece band, we'll also provide a sound engineer to manage the quality and consistency of sound throughout our performance.
2. If you're expecting more than 175 guests at your event, *we'd highly recommend hiring an Audio Visual (AV) company* who will provide their own larger PA system. This is to ensure that we get the sound right, by meeting the demand of the size of your event – and as a result, sound awesome!

### **Microphone for Speeches**

Need to make announcements or deliver an unforgettable speech? Once again, **we have you covered** at NO EXTRA COST! As standard, we'll provide you with a wired microphone so your words are heard loud and clear. If you like the idea of being able to roam around or just be free from a microphone cable hanging beside you (!) whilst making your speech, we also offer the use of a *wireless microphone for just £30!*

### **Set Up From 5:30pm**

As standard, our musicians' will arrive at your venue from 5:30pm to load-in, set up and sound check. We usually require *up to 90 minutes to fully complete our set up*, which means we can be set up for 7pm. However, we completely understand that an early arrival and set up can be really helpful – for example, if there is short turn-around period between the end of the meal and the evening reception beginning. Therefore, **not only are we very happy to set up before 5:30pm**, we also offer different options to ensure that only the musicians who really need to set up early, are on site before 5:30pm; *helping to prevent any unnecessary spend* on early arrival fees for musicians that require a shorter set up time. We are very happy to provide more information about this and advise what will be most suitable for your event.

### **Music Until Midnight**

Keep the celebration going! Whether it's live music or the playlist, we'll provide **non-stop entertainment** to help keep the dance floor full up until midnight. If you require a post-midnight finish for live or playlist music, just let us know and we will gladly provide you with more details on how we offer this.

### **Fully Insured**

It's quite common for venues to require Public Liability Insurance, PAT documents, and sometimes a risk assessment. **We provide all of these necessary documents** for complete peace of mind, ensuring compliance with your venue and guaranteeing a **smooth, hassle-free experience**.

### **Dedicated Professional Service**

From the moment of enquiry to the moment we leave your venue at the end of your event, **you'll receive a professional, personable and passionate service**. **When you book us, you'll receive a hassle-free, friendly and dedicated approach**, giving you peace of mind and confidence that you've made the choice in booking us! *Don't just take our word for it, check out our online reviews!*
