

Funktion Ultimate Live Music Package

Our Funktion Ultimate package is designed for the *non-stop party seekers*, to keep you and your guests busting out those dance moves throughout the whole evening! **2 hours 30 minutes of live music** PLUS **3 hours of our manned playlist**. Are you **ready to party?!**

🎵 2 Hours 30 Minutes Of Live Music

Enjoy two full hours PLUS an additional thirty minutes of incredible live music, *performed by our professional musicians who know how to set the perfect tone for your event* — whether it's a wedding, party, or a corporate gathering. The live sets can be divided into either 2x 1 hour and 15 minute sets, or 3x 50 minute sets. If you're unsure about what time we should perform and how our sets should be divided, we will gladly advise you; taking into consideration your schedule on the day, as well as our experience.

🎵 Live Sets Tailored to You

We don't just play music; *we create a live experience that reflects your taste and event style*. From Chuck Berry to Coldplay, and Aretha Franklin to Beyoncé, we'll work with you to craft the **perfect setlist for your special event!**

🎤 2 Song Requests

Do you have a special song, or rather TWO special songs that means the world to you? Whether it's your first dance plus a heartfelt tribute, or just two of your favourite tunes (or any combination of those reasons for requesting them!), we'll learn and perform them live **just for you**; making your event **truly personal**.

🎧 DJ-Style Playlist (Manned)

The entertainment doesn't stop when the live music stops! We'll provide our very own *manned* DJ-Style Playlist to keep the energy flowing and ensure seamless entertainment from start to finish. This allows you and your guests to **request your favourite songs** for up to *3 hours on the night!* We have over *8000 songs* to request from, ranging from tunes by Elvis all the way through Dua Lipa, soul to pop and disco to rock. We'll also provide you with the option to request 5 of your absolute favourite songs before your event, to ensure your best songs are not missed! Not only that, but to cover any additional time throughout your evening, we'll also provide our premixed playlist so that **the music never stops!**

🔊 Quality PA System & LED Lighting (up to approximately 175 guests)

For all small to medium sized events we are fully self-contained with an excellent PA system and vibrant LED stage lighting to elevate the atmosphere. *When you book us for your live music entertainment, you do not need to think about any extras!* Our fantastic equipment ensures a professional, polished experience that fills the room with incredible audio and ambiance. In the instance that your event is on the larger end of the scale, please see point 2 on the page below.

PLEASE CONTINUE ONTO THE NEXT PAGE...

1. If you book our 7 or 8 piece band, we'll also provide a sound engineer to manage the quality and consistency of sound throughout our performance.
2. If you're expecting more than 175 guests at your event, *we'd highly recommend hiring an Audio Visual (AV) company* who will provide their own larger PA system. This is to ensure that we get the sound right, by meeting the demand of the size of your event – and as a result, sound awesome!

Extra LED Lighting

We will also **bring your dance floor to life**, enhancing the party atmosphere and illuminating those dance moves, using our excellent raised T-bar lighting system (4x additional LEDs)!

Wireless Microphone for Speeches

Need to make announcements or deliver an unforgettable speech? Once again, *we have you covered!* Make your words heard loud and clear with our wireless microphone, allowing you to *roam cable-free*, giving you liberty of walking, skipping or even dancing (if you like!) your way around the room as you speak. Our wireless microphone provides a *transmission radius of up to 100m* from the receiver (set up on stage) – that's the distance of 2 Olympic-sized swimming pools!

Set Up From 5:30pm

As standard, our musicians' will arrive at your venue from 5:30pm to load-in, set up and sound check. We usually require *up to 90 minutes to fully complete our set up*, which means we can be set up for 7pm. However, we completely understand that an early arrival and set up can be really helpful – for example, if there is short turn-around period between the end of the meal and the evening reception beginning. Therefore, *not only are we very happy to set up before 5:30pm*, we also offer different options to ensure that only the musicians who really need to set up early, are on site before 5:30pm; *helping to prevent any unnecessary spend* on early arrival fees for musicians that require a shorter set up time. We are very happy to provide more information about this and advise what will be most suitable for your event.

Live Music Until Midnight & Playlist Until 1am

Keep the celebration going! We'll provide **non-stop entertainment** to help keep the dancefloor full up until midnight for live music, PLUS our playlist will continue into the early hours of the morning, *until 1am!* If you require a post-midnight finish for live music, just let us know and we will gladly provide you with more details on how we offer this.

Fully Insured

It's quite common for venues to require Public Liability Insurance, PAT documents, and sometimes a risk assessment. *We provide all of these necessary documents* for complete peace of mind, ensuring compliance with your venue and guaranteeing a *smooth, hassle-free experience*.
